Detailed Action

Drawings

The Examiner accepts the drawings filed on July 28, 2000.

Allowable Subject Matter

Claims 1-12, 18-31, 37-38, 46-47, and 50-51 are allowed.

The following is an examiner's statement of reasons for allowance: The present invention generally discloses decentralizing e-commerce by providing for field specific searching and indexing of information. The prior arts of record include the teaching of Friedland et al (US 6,449,601) and Anderson et al. (US 6,510,434). Friedland teaches live auction over the Internet in real time to allow the remote bidders to follow the auction. On the other hand, Anderson teaches retrieving information from a database using an index of tags and metafiles. However, the prior arts of record fail to teach, singly or in combination, both portal tags and provider tags. In the specification of the pending application, portal tags and provider tags are defined in page 17, line 18 to page 23, line 13 and in figures 4-6. The data fields for each record are filled with the assistance of the key information. The key information is used to identify and extract content identified with provider tags corresponding to each portal tag. Furthermore, the prior arts of record fail to teach or suggest identifying the provider tag corresponding to the portal tag using a cross-reference of portal tags corresponding to provider tags and

comparing the search term with a content field tagged with a provider tag corresponding to the portal tag associated with the search term.

Thus, the prior arts of records taken singly or in combination fail to teach or fairly suggest the claimed invention according to the decision by the Board of Patent Appeals and Interferences. Hence, the Board reversed the examiner's rejection of claims 1-12, 18-31, 37-38, 46-47, and 50-51. Therefore, the examiner favors the allowance of claims 1-12, 18-31, 37-38, 46-47, and 50-51.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
